## DeMatha Leadership Institute

Part of educating our students to become Gentlemen and Scholars is expressed in our Mission Statement:

*"...to serve students of differing abilities, interests and backgrounds from the culturally rich and diverse greater Washington Metropolitan area."*

To prepare these young men for success in the future is to provide them with opportunities in and out of the classroom that they would otherwise not experience.

DMLI provides exposure to and instruction in specific leadership skills, team building and interaction with successful graduates.

Leadership styles are developed and refined through exposure to different leaders and their experiences.

### Quotes from former participants

"...it helped me grow as a leader. I learned ways in which I could lead others effectively while still being myself." He also stated that he had never thought of himself as a leader until he was nominated for the program.

-Cory P. '10

"It was my first introduction to leadership and it was an unbelievably beneficial experience. I never understood the benefit until I got to Virginia Military Institute... I was prepared head and shoulders above the rest of my peers..."

-Patrick G. '09

- DMLI is a four day leadership program for rising juniors. (This year only class of 2024 & 2025 invited to apply).
